How to make it

1. Print the cut map at 100 % (Actual size). Check the square measures 1 in / 25 mm.
2. Cut a foam board to the same size. Stick a double-sided adhesive sheet on it if you use one.
3. Tape the cut map on the board and score every line about 1/8 in (3-5 mm) deep with a craft knife.
4. Remove the paper. Cut each fabric a little bigger than its piece (about 1/4 in all round).
5. Lay the fabric on the piece and push the edges into the grooves with a tucking tool or a blunt knife.
6. Work from the background to the front. Full guide: kinusaiga.org/how-to-make-kinusaiga
